Profile

Mr. Qin Qiao graduated from the University of International Business and Economics (formerly China Institute of Finance and Banking) and Peking University. He has been working as a securities lawyer at Grandway Law Offices for 17 years, focusing on the fields of securities law and corporate law. He can develop the whole strategy plans with legal solutions for clients by combining his comprehensive knowledge of finance, tax and law.

Mr. Qin is good at developing package plans for the growing private enterprises to enter the capital market. He can use the shortest time and the least cost to assist private enterprises in finance, tax, corporate governance, labor employment, business operations and other aspects to achieve standardization, in order to meet the strict requirements of listed companies.

In M&A and reorganization, each project may vary widely in its objective circumstances. Mr. Qin is skilled at designing simple and personalized solutions, taking care all parties' interests and assisting clients to reach successful deals.

Based on his education in China Institute of Finance and Banking, Mr. Qin has been tracking the latest updates of financial innovation in China and has completed a large number of successful cases in connection with trust, asset management, and asset securitization, etc.
